1	28	333/\$.cccls. and resonator and (conductor same ground\$3) and microstrip and (strip same line)and hole and dielectric and (substrate same layers)	USPAT	2002/06/29 08:06
-	6	resonator and structure and (voltage near control\$3) and (multilayer near substrate)	USPAT	2002/06/28 11:59
-	65	resonator and structure and (multilayer near substrate)	USPAT	2002/06/28 13:51
-	1	resonator and structure and (multilayer near substrate) and (first adj conductor) and (second adj conductor)	USPAT	2002/06/28 12:32
-	87	resonator and conductors and microstrip and (strip adj line)and hole and dielectric	USPAT	2002/06/28 14:07
-	13	resonator and (conductor adj layers) and microstrip and (strip adj line)and hole and dielectric and (substrate same layers)	USPAT	2002/06/28 15:43
-	52	resonator and (conductor same ground\$3) and microstrip and (strip same line)and hole and dielectric and (substrate same layers)	USPAT	2002/06/29 08:05
